This Saturday, Dec. 9, some Telstar music students will be traveling to Hallowell for the All-State tryouts. Out of many music students in the State of Maine who try out for parts in band, orchestra, and chorus, the best students are chosen to participate in these performing groups. There will be Telstar students trying out in all three groups. This year's All-State is in Cape Elizabeth.

EMERGENCY AMBULANCE & RESCUE SERVICE TO MEET

The annual meeting of the Bethel Emergency Ambulance and Rescue Service will be held at the Fire Station at 7 p. m. on Monday, Dec. 11.

The officers for 1973 will be elected at this meeting.

It is important that everyone attend this meeting as applications will be made out for the renewal of licenses for ambulance attendants. This meeting is being held on the second instead of the third Monday of the month so as to give more time to get the licenses back before Jan. 1, 1973.

Training for this meeting will be practical application in the skills of splinting and handling the injured.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

We can now issue 1973 dog licenses as the material has arrived. All dogs six months old must be licensed Jan. 1. If they become six months old after Jan. 1 they must be licensed at that time.

Wednesday night, the Planning Board completed the necessary preliminary plan for solid waste disposal. This has to be submitted by Jan. 10, 1973. The board proposes we have a sanitary land fill across the road from the present location. Any dump must be at least 300 feet from water. Our present location is within that distance.

There will be a great amount of further investigation prior to a final solution but the board has to file a plan soon and this appears, at the present, to be the best method. There are alternatives such as incineration but the costs could make it prohibitive. Our town's sparse population and large land area to cover the per person cost can be very high.

BETHEL COMMUNITY CHORALE TO PRESENT FIRST CONCERT THURSDAY, DEC. 14

In September the idea of a possible Community Chorus came to fruit. After talking with Miss Gretchen Dock, the possibility became more realistic as she offered her time and talent to direct a group of singers. At this encouragement, the Music Boosters Club held a meeting for anyone interested in forming a

S. A. D. 44 BOARD NAMES KINNEY AS SUPERINTENDENT THROUGH JUNE OF 1975

At a meeting held at Telstar Regional High School Monday evening, Dec. 4, the S. A. D. 44 board of directors named Basil E. Kinney to serve as the district's superintendent of schools through June 30, 1975. Mr. Kinney has served as the chief administrator of S. A. D. 44 since March of this year. Previously he had been at Belfast, S. A. D. 34, for eight years.

In other business the board clarified the action of its previous meeting, Nov. 20, with regard to driver education. At that time, the panel approved a course in driver education, provided there was no expense to the district. It was stated following the meeting that since there can be no State subsidy if a tuition charge is made to students for a course during the school year, it would be impossible to implement the approved action. It is the apparent desire of the board to emphasize that such a program is possible if the students pay the entire cost (with no State subsidy available). At the present time the situation is being reviewed to determine if there are a sufficient number of students interested in a "full cost" program to warrant further action.

Mrs. Virginia Keniston reported to the board on the Library Workshop course held at Crescent Park School on Nov. 14-21 (see article on Page Four).

The directors approved three recommendations of Mr. Kinney with regard to a Self-Evaluation Program for S. A. D. 44 with special emphasis on kindergarten through grade six. The program will be conducted from January to June of 1973 with Edward Flynn, Bethel elementary school principal, as S. A. D. 44 Self-Evaluation Leader. The board endorsed the use of In-service days for the Self-Evaluation process and approved the cabinet of a request to the State Department of Education that would provide authority to use from three to four in-service days to accomplish the purposes of the program. The use of In-service days has the endorsement of the Telstar Educators Association of S. A. D. 44.

The board approved the resignation of Milton M. Wood, clerk, chairman of the buildings and grounds committee, and the installation of a new clerk, David Wright, to the Telstar Regional High School property at a total annual

LIVING NATIVITY TO BE PRESENTED CHRISTMAS EVE

For the first time since the Bethel Community's Living Nativity Scene started nine years ago, it will take place on Christmas Eve. The traditional date the Sunday before Christmas, is Dec. 24 this year.

With families gathered at home for Christmas, the Scene on the Eve of Christmas should take on special meaning for the Bethel Community. Because of Christmas Eve services at local churches, the Scene will start earlier this year. The first one will take place at 4 p. m. and will be repeated at 5 p. m.

A planning meeting was held at the home of Mrs. Susan Farrar on Sunday with the following present: Pauline Chasen, Carol Bentley, Gustaf Kellie, Rachelle Tift, Romeo Heller, Andy White, James Lowe, Doug and Suzanne Bane. Some new ideas were discussed about making the Living Nativity Scene a more meaningful experience.

Doug and Suzanne Bane are serving as co-chairmen and have already appointed many sub-committee organizations and others this week. Anyone in the community interested in helping is urged to contact the co-chairmen.

Cost of approximately \$200.00. The lights will be the existing set of the Living Nativity on the grounds of Route 20.

Mrs. Sandra Gaudin was appointed to serve as District Representative (Clerk).

Members of the board of directors, Doug and Suzanne Bane, and Linda Merrill of Bethel and Paul Wright of Newry. The next regularly scheduled meeting of the board will be Monday, Dec. 10.

PAGEANT CHAIRMEN — Suzanne and Douglas Bane who are serving as chairmen of this year's Living Nativity Scene

SHERIFF-ELECT HOWE NAMES WEEKS AS CHIEF DEPUTY

Allen L. Howe of Watford, Oxford County's newly elected sheriff, announced on Wednesday that he has named Francis G. Weeks, 48, to the position of Chief Deputy. Howe said that Weeks will begin his service on Jan. 1 when Howe is sworn in as sheriff.

Howe explained that he had met Weeks because of his experience as a law enforcement officer during the term of W. Stanley Howe, who will retire on Dec. 31 at the end of his 20th year of law enforcement service at the state and county level.

Moved to the former Police Department of Norway, he is the first of his kind in the state.

A graduate of Post High School, he served for two years in the U. S. Army, Medical Corps, and was a member of the South Paris Police Department.

After a short time in the U. S. Army, he was employed by the Southern Motor Truck Company of Norway. He owned and operated a store for two years before coming to his present position as sheriff's clerk.

SENIOR CITIZENS TO MEET

The Senior Citizens will meet Tuesday, Dec. 12, in the dining room of the Bethel Parish Congregational Church at 11 a. m. Lunch will be served and pot luck. At 1 p. m. the group will present a short program directed by Don Savell. At 2 p. m. the group will enjoy a Christmas tree and exchange of gifts.

SENIOR HIGH CHORUS

It has come to the point where a lot of people not involved in the Telstar Music Department only associate the department with the Telstar Marching Band. This week's article of the Music Department will tell the story of the Senior High Chorus. The Senior Chorus consists of around 70 members, the majority girls, which is unfortunate to say. A chorus that size could always use more male singers. The group is very busy preparing their music for the Christmas Concert which is Dec. 21. The closer to the concert, the more excitement there is. It's always rewarding to give a good Telstar concert after a lot of work has been put into it. — Betsy Davis, Music Publicity Chairman

Ed Currier

CO-OP CORNER

by Suzi Redman

This week's student involved in the Cooperative Education program at Bethel Regional High School is Ed Currier. He works afternoons at Gould Academy for Saga Foods. His job is maintenance. Dave Meyers is his boss.

Ed has worked in the past at Ekco Housewares, as a caddy at the Bethel Inn Golf Course, and was involved in the Neighborhood Youth Corps this last summer.

He is a senior this year, and has the distinction of being the first person to graduate from the Special Education program at Bethel. The program is individualized. Ed gets his assignments in the morning, and budgets his time accordingly. During his free time he enjoys working in the art room, making pottery and doing some drawing. His favorite courses are Physical Education and Art. Last year Ed won a gold medal in the high jump for Special Olympics. He is also learning to play the guitar.

Ed is very interested in airplanes. He has ridden in them and has visited Portland Airport. He is thinking about going in the Air Force after graduation.

Ed likes to ski, golf, hunt, fish and snowmobile. He is the son of Mr. and Mrs. Ivory Currier, of Bethel.

In May, average weekly earnings of American workers—in dollars of constant purchasing power—reached a level 2.8 per cent higher than a year ago. This increase represents the largest over-the-year gain in real earnings since 1964.

SOUTH WOODSTOCK

— Mrs. Olive Davis, Corres. —

Direct dialing has been added to the service of Oxford County Telephone Co. for its patrons, as of Dec. 3.

Thirteen inches of snow fell in the community Friday morning, early. Leon Baker broke us out in the morning so I was able to walk to the turn and meet the mailman. Our mailbox was so far back of the snowdrift made by the main highway plow that the mailman never could have put our mail in it. It was better the next day as the glow came up again and pushed it back further. These posts and boxes are quite a problem in winter to the plowing crew as well as the owners of the boxes.

Mrs. Florine Benson and Mrs. Anne Tyler took dinner Thanksgiving with their niece and daughter and family, Mr. and Mrs. Gerald Moran, and two children.

Mr. and Mrs. Leslie Bryant called on Mr. and Mrs. Ellis Davis, Sunday afternoon.

Mr. and Mrs. Nicholas Clements and boys were in Swanville and Bethel over Thanksgiving week and where they stayed with Mr. Clements' mother, Mrs. Charles Clements. They all joined in a big dinner held at the Grange Hall where all their relatives gathered for a really big party. They returned home Sunday.

The Willing Workers Christmas party is to be held on Dec. 14 at Sheryl Wilbur's new home on Hendrickson's Hill. All members come and bring an exchange gift for the tree and your secret sister revealing gift which tells who had whose name for 1972. This is always a happy meeting, so don't miss it.

Mr. and Mrs. Harold Wilbur Jr. and two girls have moved into their new home in the middle of Hendrickson Hill. Happy landing, all.

Mrs. Florence Benson had a Thanksgiving supper with her son and family, Mr. and Mrs. Roger Benson.

William Cushing and family have moved from their trailer to their new home in Milton which was built by Al Smith recently and sold to the Cushings.

Mr. and Mrs. Perry A. Hood from Lewiston who bought the land by the West or Andrews Brook from Donald Mason have placed a trailer on the land. They have had a septic tank installed, also a well drilled for their trailer. The trailer arrived Thursday night and they had to set it up in the snow Friday.

Mr. and Mrs. Hood are working at mental clinic. Mrs. Hood goes to Rumford and Mr. Hood works toward the other part of the state.

GRANTS FOR OUTDOOR RECREATION

The Interior Department's Bureau of Outdoor Recreation will make available to State and local governments more than \$181 million for grants to equally match funds they provide for State, county and municipal outdoor recreation area acquisition and developments. For more information, write to the Bureau of Outdoor Recreation, 1421 Cherry Street, Philadelphia, Pa. 19102.

LAND FOR FEDERAL RECREATIONAL AREAS

While most of the money coming to the Interior Department's Land and Water Conservation Fund goes to State and local governments for acquiring and developing outdoor recreation areas, a portion is utilized by such Federal agencies as the National Park Service and the U. S. Forest Service to acquire additional Federal recreation lands and waters. According to the Bureau of Outdoor Recreation, the agency which administers the program, more than a million acres of land for Federal Recreation areas have been acquired using Land and Water Conservation Fund money.

CONSUMERS' CORNER

FDA seeks changes in cooking ranges

The Food and Drug Administration's Bureau of Product Safety is seeking changes in gas and electric cooking ranges, which are responsible for an estimated 100,000 burn accidents annually, or about a fifth of all injuries from home appliances. The bureau, whose Injury Study Units in Boston recently completed an investigation involving 20 burn victims, has asked representatives of Underwriters' Laboratories, the Association of Home Appliance Manufacturers and the Gas Appliance Manufacturers Association to consider three improvements in ranges to reduce burn accidents.

1. Relocation of control knobs to prevent them from being turned on accidentally.

2. Relocation of signal lights to provide a more effective warning that burners are on.

3. A method of ensuring that a person uses the proper size burner to eliminate the risk of the exposed part of the burner causing clothing (or the potholder) to catch fire.

The agency is seeking voluntary improvements by manufacturers because Congress has passed no laws about safety of ranges.

CHRISTIAN SCIENTISTS HEAR OF CHALLENGES/OPPORTUNITIES AT FIVE-DAY CONFERENCE

James H. Lawrence (right), Christian Science Committee on Publication for Maine, recently returned from a five-day conference at The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. (in background). With Mr. Lawrence are Committee members Nordfried Moersberger of Sweden and Yoshikazu Hoshimi of Japan.

More than 130 Committees on Publication from Asia, Africa, and Europe, as well as North and South America, attended the conference which was held Nov. 13-17 at the new Christian Science Center which serves as international headquarters for the denomination.

"The new Center is striking evidence of the growth of Christian Science throughout the world. I was especially interested to hear about the increased interest in Christian Science in Latin America," he said.

David E. Sleeper, a member of The Christian Science Board of Directors, who recently returned from a 6-week tour of Latin America, gave a first hand report to those attending the international conference.

Other members of The Christian Science Board of Directors, the denomination's top administrative

INTERNATIONAL CONFERENCE

body, also attended a session of the conference. The Chairman of the Board, Arthur P. Wuth, addressed the group.

Christian Science Committees on Publication are located in more than 50 countries. Each Committee is a committee of one, serving as a spokesman for the Church of Christ, Scientist, in his area.

"The Higher Mission of the Christian Science," the theme of the conference, was developed through displays, panel discussions, addresses, and audiovisual presentations.

DON'T THROW AWAY THAT OUTGROWN DRESS, THOSE TOO-SMALL SHOES!

Students at the Andover Elementary School will be collecting townspeople's good wearable used clothing in the 41st annual Bundle Days Drive for Save the Children Federation (SCF).

The Federation, an international child welfare organization founded in 1932, distributes the apparel through 108 clothing centers in the Southern Appalachia Mountains and depots on American Indian reservations.

Clothing in good condition in all sizes, for both children and adults, is needed. Sturdy shoes are especially needed.

Mrs. Diane Cutting, chairman of the Bundle Days Committee, emphasized that the clothing is needed by many Appalachian and American Indian children if they are to be able to attend school.

"Please bring shoes, coats, dresses, sweaters, gloves, underwear or other garments to the collection centers at the Andover school," the chairman requested. The chairman asked that shoes be tied together in pairs.

Proud Appalachian families, who do not want handouts, are happy for the opportunity to purchase attractive durable clothing for mere pennies. The chance to select their own apparel lets them preserve their sense of dignity as individuals, while at the same time stretching their meager dollars. A contribution of \$1 will provide a child with a complete outfit. Send your contribution to Save the Children Federation, Post Office Box 374, Knoxville, Tenn. 37901.

SCF, headquartered in Norway, Conn., helps children, their families and their communities in Appalachia, on American Indian reservations and in 14 countries overseas. In addition to the Bundle Days clothing collection, which is SCF's oldest continuing project, Federation programs also include sponsorships, scholarships, and international self-help fund. The drive will terminate on Dec. 15. Your support will be welcomed.

WEST PARIS

Mrs. Marlen Chase, Corres.
Mrs. Sarah Doughty has returned home from the CMG Hospital.
Mr. and Mrs. Milton Inman were week end guests of Mr. and Mrs. John Betts in Massachusetts.
Eleanor B. Forbes-Goodwill Group will meet Tuesday, Dec. 12, for their Christmas party and exchange of gifts at the home of Mrs. Lyndell Farr.
Joe Penley is still a patient at Stephens Memorial Hospital.

Meeting Discusses Town Manager Form of Government
A group of citizens of West Paris who are interested in the Town Manager Form of Government met at the Community Room at Maine National Bank on Nov. 21. Among the 30 people attending this meeting were three selectmen, the town clerk, and the road commissioner. Charles Gordon, president of the Chamber of Commerce, presided at the meeting, and Donald McAllister, retired town manager of Norway, was the speaker and on hand to answer any questions.

At the end of the question and answer period a show of hands indicated that the majority present felt that this matter should be pursued, and that we should investigate the possibilities of sharing a town manager with a neighboring town. A motion was made by Frank Perham and seconded by Hugo Helkkinen, that Mr. Gordon appoint a committee to look into the feasibility of a town manager form of government and to petition the town to hold a special town meeting. The motion was approved and the committee appointed was Mrs. Phillip Edmunds, Mrs. Charles Herrick, Mrs. Warren Emery, Bruce Tyner and Fred Oja.

The committee has scheduled a public hearing for Dec. 11, at 7 p.m. at the American Legion Hall in West Paris to discuss this further, and to try to answer questions presented. Roger Kimball, town manager of neighboring Buckfield, will be on hand to assist with these questions, and to give some information on how this type of government works in a town with approximately the same population as West Paris.

As the question of adopting the town manager form of government will be presented to the voters of West Paris at a special town meeting early in January, all voters are urged to attend this hearing and become familiar with the issues.

HOME CRAFTERS OF OXFORD COUNTY RECEIVE SELF-HELP GRANT

A self-help grant totalling \$10,000 has been awarded to Home Crafters of Oxford County by the Campaign for Human Development, the anti-poverty action program of the U. S. Catholic Church, announced Rev. Robert V. Monticello, Executive Director, in a letter of notification to officials of the Diocese of Portland.

"This is the fourth proposal to receive funding through the Campaign," according to Neil D. Michaud, Diocesan Director for Human Relations Services. "We are pleased that Oxford County will have an opportunity to develop a craft cooperative which will financially assist poor families and other people in the area."

The proposal outlines the need for a home craft outlet to both encourage home based industry for both amateurs and professionally skilled craftsmen and to bring together area residents for social and economic development. Guidelines for the project were developed by low income people in Oxford County and the University of Maine Extension service with the intention of turning the cooperative into a profit making enterprise for those producing craft items.

The craft cooperative is designed to involve particularly the elderly living on a limited income, mentally and physically disabled people who can be trained, the young home maker in need of added income and a creative outlet and skilled artisans for training of these area residents.

"An outlet will be established in the Norway South Paris area, drawing on producers from throughout the county, and in general through Herb Adams and Derek of Hanover were Saturday morning visitors of Mrs. Ralph Kimball.

Mrs. Phyllis Bancroft has been baptizing her little granddaughter Stephanie.

The Jack and Julia 4H Club held their regular business meeting at the Albany Town Hall one day last week. They discussed their materials for next year's projects and made plans for their Christmas party.

TELSTAR R. H. S. NEWS

STUDENT COUNCIL NOTES
This week at Telstar was one of preparation. The athletic teams are nearly ready for the opening of the competitive schedule, with basketball starting Friday, Dec. 8. The music department's performing groups are putting the final touches on the Christmas concert. The drama club is rehearsing a play and a skit for the all-school assembly on Dec. 22. The math league team is cramming for the Dec. 14 meet. The chess team has a meet Dec. 9. There will be a new issue of the Ratalet Rebellion out soon. Several Telstar students will be auditioning for All State band, orchestra, and chorus Dec. 9. All in all, there has been much hustle and bustle around school recently. —Mike Davis.

training sessions during the production phases of the program, increase skills of those participating," noted Michael. It is anticipated that over 5,000 families will benefit from the cooperative.

The Home Crafters of Oxford County have received support from area churches, the U. of M. Extension Service, Office of Economic Development, and the Campaign for Human Development.

IN MEMORIAM

In Loving Memory of Our Beloved
Mary and Leta Howard
who passed away Dec. 5, 1971
You left a beautiful memory
And a sorrow too great to be told
But to us who love and lost you
Your memory will never grow old
Always a silent tear
But always a beautiful memory
Of one we loved so dear
God gave us strength to bear it
And courage to take the blow
But what it meant to lose you
No one will ever know
Sobly missed by
Mr. and Mrs. Ferrell Witter,
daughters and husband and
